

CAPITAL EQUIPMENT FINANCING

UNLEASH YOUR SHOP'S POTENTIAL WITH  
**EASY, AFFORDABLE FINANCING**

# Transform Your Shop With Customized Financing.

**MANUFACTURERS CHOOSE MAZAK** machine tools for their quality, speed, precision and productivity – and when it comes to financing this advanced equipment, manufacturers throughout the United States can expect the same great benefits by choosing Mazak Capital Equipment Financing (MCEF) for their leasing or loan needs. The preferred one-stop choice for manufacturers large and small, MCEF works directly with Mazak’s Florence, Kentucky-based production facility for seamless timing of both your financing and the machine build, creating hassle-free, low-cost financing options customized to your shop’s specific needs.

## The MCEF Advantage

- Quick turnarounds on up to \$750,000 in financing with a simple credit application, as well as highly competitive leases and loans with no blanket liens for larger purchases.
- A complete range of lease and loan structures allows you to select the factory-direct financing plan that’s right for your shop.
- Obtain two to seven years of financing on any piece of Mazak equipment, with the potential for true lease structuring to maximize cash flow.
- No security deposits or interim rent charges – instead, apply machine deposits directly toward advanced rents, fees or monthly rental payments.

---

*“I am very grateful for [MCEF]. I was met with open arms – Mazak made everything easy. All my communication with the group was quick and efficient, and I’m looking forward to working with the group again in the future.”*

— Tony Archuleta, Argus Engineering Solutions, LLC

## Four Simple Financing Steps

### 1 Apply with our Simple Application

[www.Mazak.com/us-en/financing/mcef-apply-online/](http://www.Mazak.com/us-en/financing/mcef-apply-online/)

### 2 Get Credit Approval

MCEF will email you your approval term sheet.

### 3 Sign Your Contract

MCEF will promptly submit your loan/lease documents.

### 4 Get Your Machine

Submit down payment and machine is released to ship.

# What Makes MCEF Different

**WE UNDERSTAND THE VALUE THAT MAZAK MACHINES REPRESENT** – and how well they hold that value over years of reliable, solid performance. No other source for financing knows Mazak's comprehensive product portfolio better than we do – after all, our offices are right outside the Mazak iSMART Factory™ in Kentucky. With the support of and **access to Mazak's stellar asset rating**, we can help you finance a machine even if you have not done so before. Minimize total cost of ownership while you maximize the value and productivity of your shop. That makes your machine not only a tool for productivity, but an investment in your shop's future.

---

*"I have been buying machines for 40+ years and never have I been so pleased with the ease, willingness, professionalism and genuine desire to help the customer...We have never received so much support as we have from the entire Mazak team."*

— Roger Cormier, Stingray Mfg., LLC
